Brandy Slush (Batch)

BRANDY SLUSH

METHOD

Build & Scoop

GLASS

Martini

DRINK DESCRIPTION

A refreshing Brandy Slush cocktail made with Orange Juice and Tea

DIRECTIONS

Add ingredients to a baking dish and stir to combine. Place dish uncovered in the freezer until mixture barely begins to freeze around the edges, about 90 minutes. Mixture will still be slushy in the center. Lightly stir the crystals from the edge of the granita mixture into the center, using a fork, and mix thoroughly. Close freezer and chill until granita is nearly frozen, 30 to 40 more minutes. Mix lightly with a fork as before, scraping the crystals loose. Repeat freezing and stirring with the fork 3 to 4 times until the granita is light, crystals are separate, and granita looks dry and fluffy. Place in Martini glass and serve.

INGREDIENTS

- 8 oz Korbels Brandy
- 8 oz Fresca Grapefruit Citrus Soda
- 8 oz Simple Syrup
- 4 oz Orange Juice
- 4 oz Black Tea
- 2 oz Fresh Lemon Juice
